Adult and Pediatric Asthma, Allergy & Immunology

Laboratory Testing

Please be advised: Asthma Allergy Centre prefers Quest, LabCorp, and Providence labs. It is your responsibility to contact your insurance to verify preferred laboratories. We are not responsible for charges incurred due to usage of out of network services.

- *If you have insurance that requires testing to be performed at certain laboratories, please contact your health insurance company to determine which labs are considered “**in network**”. You should also ask if your insurance has any “out of network” provisions that allow you to use our preferred facilities. Since this information is unknown to us, it is your responsibility to know this information since any lab work done “out of network” will incur additional costs to you.*
- *If your testing is collected at our facility and sent to an outside lab, you or your insurance company will receive a bill form that particular lab. We do not bill for what other laboratories perform.*
- *You always have the option to have any test performed at the laboratory of your choice. We will do our best to accommodate your requests.*
- *Please notify our medical staff if your testing requires prior-authorization. We will be happy to facilitate that for you.*

Please feel free to direct any questions regarding your lab testing information to a member of our medical staff. They will happy to assist you. Thank You.
